Best 3D Blu-ray movies collection

1. *Man in Dark*

Although *Man in the Dark* is a 1953 film, the 3D Blu-ray edition was distributed by Twilight Time in the 01/21/2014. The *Man in the Dark* of Lew Landers is only a common black and white movie but an amazing 3D experience. This classic 3d movie is well worth watching because of the amazing 3 dimension. 2. Cloudy with a Chance of Meatballs 2

This Blu-ray 3D of movie presents a surprise picture quality and supports strong 3D image. Sony's 3D Bluray remains the stunning bold, bright colors, lovely animals. And it never fails to attract audience eyeball even through the filter of the 3D glasses. The theme of this movie is about loyalty, the importance of family and friendship. This is just my favorite Sony film so far. It's a creative message, character design and the wide vary of food puns.

3. 300: Rise of an Empire

300: Rise of an Empire is 2014 American fantasy war film. The director of this film is Noam Murro. This is an accurate 3D movie I have seen so far. More fiction is added to this one and 3D animation was great. *Rise of an Empire* is really good

and the fight scenes in 3D are gruesome, but I love it. Go to [buy Rise of an Empire](#) and check it out in 3D IMAX if possible, which really enhance the visual of 3D experience. In total, the film is a controversial but successfully gains \$330 million worldwide at the box office.

4. *Captain America: The Winter Soldier*

Captain America is produced by Marvel Studios and distributed by Walt Disney Studios Motion Pictures. It brings you a 2014 American superhero film. It adopts a specimen to pull this role off, and he is exactly that. That said, this movie is much better than the first. Fight sequences, a great car chase, cool 3D effects make this movie fun.
