

DVDFab Alternative to Rip Blu-Ray & DVD

Why all traces of DVDFab.com were wiped out? This guide will reveal the reason behind and present DVDFab alternative to copy Blu-Ray & DVD discs.

The year of 2014 will come to an end and let us recall what happened to DVDFab.

If you want to purchase DVD ripper or Blu-Ray copy from DVDFab.com, their website was shut down due to an injunction sought by lawyers for the movie industry.

There are some documents from [Lawsuit Summary about DVDFab](#) at Friday, February 21, 2014 and the plaintiff is Advanced Access Content System Licensing Administrator, LLC. Then on March 10, 2014, DVDFab's hosting providers are told to serve the DVDFab Company. The whole of its domains such as DVDFab.com,

DVDFab.net, etc and other online services about Facebook, twitter and Google+ were no longer accessible. What's worse, the company's funds from PayPal, Amazon Payments, Visa and Master Card are frozen or stopped.

Although imElfin.com studio is a competitor with DVDFab, we would be sad to see it go. But there is no need to worry about how to back up back up DVD and Blu-Ray discs, imElfin [Blu-Ray Ripper](#) offer one stop solution to rip or backup Blu-Ray and DVD collections for personal usage. And the above causes and other shortcomings make users search for an alternative to DVDFab software.
